The Utah Comprehensive Health Insurance Pool (HIPUtah)

In 1991, the state established the Utah Comprehensive Health Insurance Pool (HIPUtah) to specifically address the problem of people with serious medical conditions, such as cancer, diabetes, heart disease, and other chronic illnesses that made them unable to obtain health insurance at any price.

Coverage in HIPUtah is not guaranteed. Each application will be carefully reviewed to assure that all eligibility requirements are met. If an applicant is eligible for coverage in the private market, he or she is not eligible for HIPUtah, unless HIPAA (the Federal Health Insurance Portability and Accountability Act of 1996) eligible.

The benefits and features of HIPUtah are described briefly in this document. This document is not an insurance policy, and the information provided is governed by the specific terms and conditions of the HIPUtah Enrollee Agreement issued to enrollees.

If you have any questions about the information in this packet, please call 801-442-6660 (Salt Lake Area) or 800-705-9173.

PRODUCER REFERRAL FEE

HIPUtah offers a one-time \$50 referral fee to Producers, who help an individual complete an application for the HIPUtah program. The referral fee will be paid after the new enrollee's first premium payment is processed by SelectHealth.

The Producer section of the application must be completed in order to receive the referral fee. The Utah Insurance Department will verify the Insurance License Number provided on the application, send payment directly to the Producer and issue a 1099 at year end.

Please note that payment can only be made to an individual Producer, not an agency.

Plan Options

HIPUtah offers three standard Health Maintenance Organization (HMO)-type products and a High Deductible Health Plan (HDHP), which is designed to be used with a Health Savings Account (HSA). The HDHP plan uses the same provider and facility network and covers the same medical services. The major differences between these plan options are outlined below.

HMO

- Medical deductible options are \$500, \$1,000, and \$2,500
- Once the deductibles are met, enrollees are responsible for 20% coinsurance for covered medical services
- Deductible doesn't apply to preventive care services
- Separate pharmacy deductibles apply (\$150, \$250, and \$500) with each of these plan options

HDHP

- The deductible is \$5,000
- One deductible applies to both medical and pharmacy
- The entire deductible must be met before any benefits are paid with the exception of preventive care services
- This plan option is designed for use with an HSA if you choose; an HSA can save money tax free for qualified medical expenses

NOTE: *If you choose to set up an individual HSA, it is your responsibility to do so through a financial institution. Please be aware that HIPUtah has no involvement with HSAs.*

IMPORTANT: *Enrollees can only switch to higher deductible plan options. In other words, once you enroll on the HDHP plan, you cannot switch to a lower deductible plan option.*

Eligibility

WHO IS ELIGIBLE?

A person is eligible for HIPUtah coverage if he or she meets the following criteria:

1. Has resided in Utah for 12 consecutive months immediately preceding the date of application for HIPUtah (the 12 month requirement can be waived if moving from another state's high risk pool);
2. Pays the established premium;
3. Meets the required health underwriting criteria established by the State of Utah; and
4. Does not fall into the ineligible categories listed later in this outline.

OR

A person is eligible for HIPUtah coverage if he or she pays the established premium and meets the following criteria:

1. Is HIPAA eligible and has at least 18 months of prior coverage, the most recent prior coverage being under a group health plan, government plan or church plan, and has elected and exhausted COBRA or state continuation plan where available;
2. Applies for HIPUtah coverage within 63 days of termination from prior coverage; and
3. Does not fall into the ineligible categories listed later in this outline.

WHO IS NOT ELIGIBLE?

A person is not eligible for HIPUtah coverage if any one of the following is true:

1. The person is eligible for benefits under Medicaid or Medicare except for a person who has a spend down as provided in Utah Code Ann. §31A-29-112;
2. HIPUtah coverage has been terminated within the last 12 months unless the person demonstrates that continuous other coverage has been involuntarily terminated for any reason other than nonpayment of premium, unless the person is HIPAA eligible;
3. The person has exhausted the maximum lifetime benefits offered by HIPUtah;
4. The person is an inmate of a public institution;
5. The person is eligible for a public health plan through which medical care is provided;
6. The person is eligible for a group health benefit plan through an employer plan;
7. The person is covered under any other health benefit plan;
8. The person's health condition does not meet the health underwriting criteria established by the State of Utah, unless the person is HIPAA eligible; or
9. The person has not resided in Utah for 12 consecutive months, unless HIPAA eligible.
10. The person's employer pays any part of the individual's health benefit plan premium, either as an insured or a dependent, for pool coverage.

Are You HIPAA Eligible?

Under a federal law known as HIPAA, which stands for the Health Insurance Portability and Accountability Act, if you are an “eligible individual” who has recently lost their employer- or union-sponsored group health plan, you have a right to purchase individual health coverage through HIPUtah, without a preexisting condition exclusion.

In order to be HIPAA eligible, all of the following must apply:

- Your last healthcare coverage must have been under a group plan, governmental plan, or church plan, including COBRA or state continuation coverage, for an aggregate of at least 18 months during which there was no break of 63 or more complete days in a row. This prior health coverage is referred to as “creditable coverage.”
- You are not eligible under a group health plan, Medicare, Medicaid, and/or do not have other health insurance coverage.
- You did not lose your latest health coverage due to nonpayment of premium or fraud.
- If you qualify for COBRA or state continuation coverage, you must accept the coverage and continue the coverage for the maximum time period allowed. Note: When an employer terminates its group health plan entirely, COBRA coverage ends and is considered exhausted.

Once COBRA or state continuation coverage has been exhausted, you have 63 days to file an application to get a policy through HIPUtah as a HIPAA eligible individual. If you accept a conversion policy or a short-term policy after exhausting COBRA, you give up your HIPAA eligibility. It is important to know that a conversion policy is not a HIPAA policy.

When applying for the high-risk pool you can present a Certificate of Creditable Coverage from your insurance company or health plan showing that you have a total of 18 months of creditable coverage as part of applying for coverage under HIPUtah. If a Certificate of Creditable Coverage is not available, you may document your prior health coverage by other means, including by telephone.

Just remember, if you are interested in obtaining individual coverage and you meet the other criteria to be an eligible individual, you should apply for this coverage as soon as possible to avoid losing your eligible individual status due to a 63-day break.

Coverage Guidelines

The following guidelines apply to the HIPUtah Plan:

HIPUTAH PROVIDER NETWORK

The HIPUtah Provider Network is comprised of the Select CareSM network and the University of Utah (U of U) providers, facilities, and pharmacies. For the most current HIPUtah Provider & Facility Directory, visit selecthealth.org/hiputah.

Enrollees must always use participating providers; otherwise, services will not be covered. An exception is emergency services obtained from the closest available facility (including out of state), regardless of whether that facility is under contract with the HIPUtah network. SelectHealth reserves the right to review all emergency claims to determine whether such claims satisfy the requirements for emergency services.

MANAGED CARE

HIPUtah will apply a care management program, which helps ensure that services enrollees receive are medically necessary, appropriate, and consistent with current medical practice. The program has three methods of reviewing the healthcare received: prenotification, precertification, and case management. It is the enrollee's responsibility to verify prenotification/precertification is obtained by a provider.

WHAT IS NOT COVERED

The following is a brief summary of expenses not eligible for coverage by HIPUtah. The HIPUtah Enrollee Agreement contains a complete list of exclusions.

- All non-medically necessary services
- All nonapproved services
- Injuries that occurred at work
- Cosmetic procedures
- Custodial care
- Dental services (unless required because of accidental injury)
- Chiropractic and naturopathic services
- Organ transplants (only limited coverage)
- Infertility treatment and services
- Routine foot care

Exclusion Periods

A medical condition that was present before the effective date of coverage, whether or not any medical advice, diagnosis, care, or treatment was recommended or received before that day, is known as a pre-existing condition. Such conditions will not be covered by HIPUtah for the first six months following the effective date of coverage except when any of the following apply to an individual:

- HIPAA eligible; or
- Transferring from an out-of-state high-risk pool within established time regulations; or
- Involuntarily terminated from either individual or group coverage and has no other option for coverage.

HIPUtah will not cover services for a pre-existing pregnancy for the first ten months following the effective date of coverage, unless the enrollee is HIPAA eligible.

Application Instructions

Enclosed in this packet is the application for coverage under HIPUtah. Please complete this form and submit it along with copies of medical records and proof of former insurance to the following address: HIPUtah P.O. Box 30192, Salt Lake City, Utah 84130-0192. - Provide documentation of prior creditable coverage by submitting copies of any insurance letters or other applicable information showing any previous insurance coverage for the last 18 months and an expiration date.
- If you are coming off 18 months of prior group coverage, including exhausting COBRA or a state continuation plan, you have 63 days to apply for continuous coverage. If you are coming off individual insurance and have been involuntarily terminated, you have 63 days to apply for continuous coverage.
- Before you allow your current health insurance coverage to lapse, contact a HIPUtah representative at 801-442-6660 (Salt Lake area) or 800-705-9173.

All information must be provided. If there is information missing on the application or if required medical records are missing, your application will be returned to you. Once you have been accepted, HIPUtah requires that you meet with a HIPUtah representative to complete the final enrollment steps.

How to Apply for Coverage

To apply for coverage under HIPUtah, each applicant must submit a completed application and medical records. All information on the application and attachments will be reviewed and relied upon by the HIPUtah administrator for issuance of HIPUtah coverage. Once accepted and before coverage can become effective, the applicant must meet with a HIPUtah representative within 90 days to complete the final enrollment steps, unless HIPAA eligible. Coverage will not be effective until this meeting is held, approval is given, and a HIPUtah Enrollee Agreement and ID Card have been issued.

Enrollee Responsibilities

To ensure that continued coverage under HIPUtah is appropriate and to ensure that HIPUtah coverage is provided appropriately for covered services, enrollees are responsible for the following:

- Verifying that prenotification or precertification has been provided before services are received;
- Notifying the administrator within 72 hours after the receipt of emergency services when outside of Utah;
- Paying all premiums due on or before the due date;
- Notifying the administrator at the time the enrollee becomes covered by or eligible for Medicaid or Medicare; and
- Notifying the administrator at the time the enrollee becomes covered by or eligible for any health plan other than HIPUtah.

In addition, we encourage the enrollees to coordinate all care with his or her participating physician.

I, the applicant (or parent, legal guardian or responsible party of applicant), affirm that my foregoing answers to questions in Section A through F are complete and correct to the best of my knowledge. I understand that no coverage will be in effect until the full initial premium is paid and this application has been approved and accepted by HIPUtah.

I understand that:

- "Preexisting condition," with respect to a health benefit plan means the following: (a) a condition that was present before the effective date of coverage, whether or not any medical advice, diagnosis, care, or treatment was recommended or received before that day; (b) does not include a condition indicated by genetic information unless an actual diagnosis of the condition by a physician has been made.
- Benefits otherwise payable under the policy will be reduced by all amounts paid or payable through any other health coverage, workers compensation, motor vehicle coverage, or any state or federal law or program.
- If this application contains fraudulent or material misstatements or omissions, HIPUtah may do any or all of the following: (a) cancel the agreement as though it were never effective; (b) deny benefits under the "pre-existing condition" exclusion; or (c) take any other action available to it by law.

Any matter in dispute between you and HIPUtah may be subject to arbitration as an alternative to court action pursuant to the rules of the Utah Arbitration Act. Any decision reached by arbitration shall be binding upon both you and HIPUtah. The arbitration award may include attorney's fees, if allowed by state law, and may be entered as a judgment in any court of proper jurisdiction.

DISCLOSURE AUTHORIZATION

I authorize disclosure of medical record information about me (or about the applicant, if I am other than the Applicant) to HIPUtah if needed to (a) determine eligibility for coverage; and/or (b) process claims for benefits.

This authorization takes effect on the date received by the HIPUtah administrator and remains in effect as follows:

- For information needed to process a claim for benefits, the authorization is effective for the lifetime of the HIPUtah policy or the duration of the timely filing deadline for any claim, whichever is longer.
- For information needed to evaluate the application for coverage, the authorization will be effective for 90 days after the date received by the HIPUtah Administrator.

Signature _____ Date ____ / ____ / ____

(Applicant's signature or signature of parent, legal guardian or responsible party.)

H. AUTHORIZATION FOR USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION (PHI)

This authorization provides for the release of PHI to the Utah Comprehensive Health Insurance Pool (HIPUtah) through its administrator SelectHealth. Federal privacy laws require health plans to include certain provisions in any authorization for use or disclosure of medical information, other than uses or disclosures for treatment, payment, healthcare operations, and as otherwise required or expressly permitted by law. If HIPUtah or SelectHealth needs to use, disclose, or receive PHI other than for the purposes set forth herein, I understand that I may be required to sign a separate authorization.

On behalf of myself (or the applicant if I am other than the applicant), I authorize any physician, healthcare provider, hospital, insurance, or reinsurance company, or other insurance information exchange to disclose PHI including alcohol, chemical dependency, mental treatment, genetic testing, or HIV treatment to HIPUtah, SelectHealth, or its representatives. I acknowledge and understand that this information will only be used for the purpose of determining enrollment in the health plan, eligibility for benefits, or payment of claims. PHI may include claims records, correspondence, medical records, billing statements, diagnostic imaging reports, laboratory reports, dental records, or hospital records (including nursing records and progress notes).

If I choose not to sign this authorization, SelectHealth on behalf of HIPUtah, may be unable to enroll me in the HIPUtah health plan or to pay claims that were incurred while I had insurance coverage with HIPUtah.

I understand that I may cancel this authorization at any time by sending a written request to SelectHealth, Inc. at P.O. Box 30192, Salt Lake City, Utah 84130-0192. Cancellation of this authorization will not affect any action HIPUtah or SelectHealth took before it received my request. If I do not revoke this authorization, it will automatically expire upon termination of my coverage with HIPUtah or 24 months from the date at right, whichever comes first.

Federal law requires HIPUtah or SelectHealth to tell me that if the party to whom HIPUtah or SelectHealth, Inc. discloses my PHI shares it with anyone else, some state and federal laws may no longer protect it. This excludes alcohol and drug abuse records, which are subject

to federal confidentiality rules (42 CFR part 2). Federal law prohibits redisclosure of such information without specific written authorization.

NOTICE OF PRIVACY PRACTICES

This notice describes how medical information about you may be used and disclosed and how you can get access to this information. Please review it carefully.

I. Introduction

The Utah Comprehensive Health Insurance Pool, also known as HIPUtah, is committed to protecting the privacy of your Personal Information and is required by applicable federal and state laws to maintain the privacy of your Personal Information.

As you read this document, please keep in mind that the terms “we,” “us,” and “our” refer to HIPUtah.

This notice describes our legal duties and privacy practices with respect to Personal Information. When we use or disclose Personal Information, we must abide by the terms of this notice (or other notice in effect at the time of the use or disclosure).

For the purposes of this notice, we have defined the following terms:

- “Affiliated Providers” are doctors and other healthcare practitioners who are not employed by Intermountain Healthcare but either have a contractual relationship with SelectHealth or are credentialed to admit patients to an Intermountain hospital.
- “SelectHealth” refers to SelectHealth, Inc. SelectHealth provides administrative services — such as claims processing and care management — on behalf of HIPUtah. When providing these administrative services, SelectHealth will use and disclose your Personal Information as described in this notice.
- “Intermountain Healthcare” means the hospitals, clinics, doctor offices, and other healthcare facilities owned and operated by IHC Health Services, Inc., as well as the individuals employed by Intermountain Healthcare at these facilities.
- “Intermountain” refers to SelectHealth, Inc., SelectHealth Benefit Assurance Co., Inc., and Intermountain Healthcare.
- “Personal Information” means your personal medical information that describes your physical or mental health or the payment for the provision of your healthcare as well as any other financial information that we may have collected about you.
- “Personal Representative” means an individual who has authority under law to make healthcare decisions on behalf of another person, e.g. a parent for a minor child.

Intermountain Healthcare and Affiliated Providers have different privacy practices than HIPUtah. As a result, if you are a patient of Intermountain Healthcare or an Affiliated Provider, you will receive a separate notice of their privacy practices. To request a copy of the privacy notices of Intermountain Healthcare, please contact 1-800-442-4845; to receive a copy of the privacy notices of Affiliated Providers, please contact those providers directly.

II. Collection of Personal Information

We may collect Personal Information from you, healthcare providers, and other payers of healthcare. We may also collect Personal Information from governmental agencies, legal proceedings, and consumer reporting agencies.

III. Uses and Disclosures With an Authorization

An authorization is a written document signed by you or your Personal Representative that gives us permission to use your Personal Information for a specific purpose. We will only use your Personal Information without an authorization in ways described in the next section of this notice: “Uses and Disclosures Permitted by Law Without an Authorization.” You may revoke an authorization at any time in writing, except to the extent that we have taken an action in reliance on the use or disclosure indicated in the authorization.

IV. Uses and Disclosures Permitted by Law Without an Authorization

A. Use or Disclosure by us for payment or healthcare operations. We use Personal Information for the following routine purposes:

Payment. We use and disclose Personal Information for payment of health coverage premiums and to determine and fulfill our responsibility to provide you benefits—for example, to make coverage determinations, administer claims, and coordinate benefits with other coverage you may have. We may also disclose Personal Information to consumer reporting agencies, or other individuals or companies that assist with our payment activities.

Finally, we will disclose Personal Information about an unemancipated minor to the minor’s parents who have custody of that minor or their authorized representatives. We limit these disclosures to the information necessary to understand how a claim was processed. We disclose this information for the effective management of the coverage provided by HIPUtah. A minor may have the right to limit these disclosures. See the subsection “Your Right to Receive Confidential Communication” in the “Your Individual Rights” section.

Healthcare Operations. We use and disclose Personal Information for our healthcare operations, which include internal administration, planning, and various activities that improve the quality of the healthcare that we pay for. For example, we may use your Personal Information to assess insurance rates and to evaluate how many of the children on our plans have received the recommended immunizations. We may disclose Personal Information to individuals or companies that assist with healthcare operations. However, such disclosures are only made if the person or company agrees to safeguard your Personal Information.

In addition, we may disclose Personal Information as follows:

- To another healthcare entity for its healthcare operations .
- To Affiliated Providers and Intermountain Healthcare to improve the overall healthcare you receive as well as to help them better manage your care. For example, SelectHealth has programs in place to manage the treatment of chronic conditions, such as diabetes or asthma. As part of these programs, we share information with Affiliated Providers and Intermountain Healthcare to facilitate improved coordination of the care members receive for these conditions.

We may use Personal Information to identify health-related services and products that may be beneficial to your health and then contact you about these services and products.

Treatment. We may disclose Personal Information to healthcare providers to support them in providing treatment.

Special Protections for Certain Types of Information. We may request Personal Information for underwriting purposes. If the health insurance is not placed with us, we will not use or disclose this information for any other purpose. We may request an HIV/AIDS test for underwriting purposes, but only if we provide proper notice and follow other requirements of State law. If we do require an HIV/AIDS test, we will not release the results of this test unless we have specific written permission to do so. Additionally, we will not request private genetic information from asymptomatic individuals for underwriting purposes. However, we may request private genetic information in certain circumstances to determine our obligation to pay for healthcare services.

B. Public Health Activities. We may disclose Personal Information for the following public health activities and purposes: (1) to report health information to public health authorities for the purpose of preventing or controlling disease, injury, or disability, as required by law and public health concerns; (2) to report child abuse and neglect to public health authorities or other government authorities authorized by law to receive such reports; (3) to report information about products under the jurisdiction of the U.S. Food and Drug Administration; and (4) to alert a person who may have been exposed to a communicable disease or may otherwise be at risk to contracting or spreading a disease or condition.

If you are not present, or the opportunity to agree or object to a use or disclosure cannot practicably be provided because of your incapacity or an emergency circumstance, we may exercise our professional judgment to determine whether a disclosure is in your best interest. If we disclose information to a family member, other relative, or a close personal friend, we would disclose only information that is directly relevant to the person's involvement with your healthcare.

D. Victims of Abuse, Neglect, or Domestic Violence. If we reasonably believe you are a victim of abuse, neglect, or domestic violence, we may disclose your Personal Information to a government authority, including a social service or protective services agency, authorized by law to receive reports of such abuse, neglect, or domestic violence.

J. Workers' Compensation. We may disclose Personal Information as necessary to comply with workers' compensation laws.

K. Research. We may use or disclose Personal Information without your consent or authorization for purposes of research if an Institutional Review Board or Privacy Board approves a waiver of authorization for disclosure.

An Institutional Review Board or a Privacy Board is responsible for reviewing research that involves human subjects and for reviewing the effect of the research on the subjects' privacy rights. Either board must have at least one member on the board not affiliated with HIPUtah.

L. Required by Law. We may use or disclose Personal Information to the extent that:

- Such use or disclosure is required by law; and
- The use or disclosure complies with and is limited to the relevant requirements of such law.

V. Your Individual Rights

A. For More Information; Complaints. If you would like more information about your privacy rights, are concerned that we have violated your privacy rights, or disagree with a decision that we made about access to Personal Information, you may contact SelectHealth's Privacy Office. We will not take action against you if you file a complaint with the Office of Civil Rights or us.

B. Right to Request Additional Restrictions. You may request restrictions on our use and disclosure of Personal Information: (1) for payment and healthcare operations; or (2) to individuals (such as a family member, other relative, close personal friend, or any other person identified by you) involved with your care or with payment related to your care. While we will consider all requests for additional restrictions carefully, we are not required to agree to a requested restriction.

C. Right to Inspect and Copy Your Personal Information.

You may request access to our records which we use for decision-making purposes and contains your Personal Information, including your enrollment, payment, claims adjudication, case, medical management records, and your billing records. If you wish to access the Personal Information maintained by an Affiliated Provider or by Intermountain Healthcare, please contact them directly.

D. Right to Request Amendment to Your Records. You have the right to request an amendment to your Personal Information that we created and used for decision-making purposes. VI. Maintaining the Privacy of Personal Information

We guard Personal Information by limiting access to this information to those who need it to perform assigned tasks and through physical safeguards (e.g., locked filing cabinets and password-protected computer systems).

In addition, when you or someone else acting on your behalf calls our Member Services department, the Member Services Representative may need to limit the Personal Information disclosed. This is done to help safeguard your Personal Information. The Representative may ask for information to verify the identity of the caller before disclosing any Personal Information. The amount and type of Personal Information that we can release depends on several factors:

- Who is requesting the Personal Information
- What that person's relationship is to the subject of the Personal Information
- For what purpose the Personal Information is being requested
- If the Personal Information relates to the treatment of certain conditions

We realize that these restrictions may at times seem inconvenient, but the restrictions help us maintain the privacy of your Personal Information.

VII. Opt Outs

As part of our legal duties to protect your Personal Information, we are required to allow you to "opt out" of certain disclosures. The most common type of disclosure

that applies to “opt outs” is the disclosure of personal information to a company non-affiliated with HIPUtah so that company can market its products or services to you. We don’t make such disclosures, so it isn’t necessary for you to complete an “opt out” form or take any action to restrict such disclosures.

VIII. Effective Date and Duration of This Notice

A. Effective Date. This notice describes the privacy practices of HIPUtah as of January 1, 2008.

B. Right to Change Terms of this Notice. We may change the terms of this notice at any time.
